

# Liberty World Missions Newsletter

(Incorporating Africa Business Community)

## Hi Everyone!

It has been quite a while since our last newsletter and definitely time for us to send out another one. Di and I continue to be busy with our work at the *Australian Institute for Family Counselling* and at *Harvest Bible College*. Together with our family commitments and work connected to *Liberty World Missions* we are much busier than we thought we would be as semi-retired people.

### Trip to Myanmar— April 2016

Our trip to Myanmar was wonderful thanks to the outstanding preparation of Dr. Kam Khan Thawng and his team. While LWM provided for our flights, accommodation in Yangon and some printing, all the other costs were met by the local team.

Dianne Sharing at Myanmar Seminar

Our “Counselling Skills and Ministry Seminar” was very successful and we look forward to returning again to do Part 2 of the course.

The skills people learn in these seminars not only equip people for being bet-

ter counsellors and church leaders; but also provide excellent skills for life in general.

### Future Trips Overseas

With so many places to go and limited time and resources available we need to be very careful about deciding where we should be going next time. We have Sri Lanka in mind for our next trip but haven't as yet confirmed anything.

### Africa Business Community

New small businesses continue to be established in Africa, with Zimbabwe being the major recipient of loans from ABC.

I have asked the Director of ABC in Zimbabwe to send us a full report on the success of all those businesses that have been established in that nation. When I receive it I will certainly send out the findings of that report.

*Thank you!*

We want to thank those of you who support *Liberty World Missions* and *ABC*. As a result of your support we are able to continue to give and go to those who are in need and to continue with the projects we have in Africa and Asia.

We do our best to encourage the people in the nations we visit to cover the costs of the conferences and their own local transport. However, sometimes they are not able to do so; and also there are times when we come across people with desperate needs that require immediate aid.

While in Yangon in Myanmar this time we met up with a couple who personally care for around 20 orphans. It was so good to be able to say that we could give some support for the children's health and schooling.

God bless you,

***Richard and Dianne***

## MINISTRY SUPPORT

Support for the ministry will help us to give and to go where the needs are the greatest.

No funds are used for LWM salaries and every effort is made to keep administrative costs to a minimum.

We realize that people's circumstances change, as do their priorities. Please never feel obligated to give to *Liberty World Missions*.
